Aaron,

Any word on the dates for the December CASAC meeting?

Thanks

Sabine

Dec. 11-12 is the date we had already set, but I can see if we can shift it by one day. Would Dec. 12-13 in RTP work better? If so, I can check with Dr. Cox and the other members to see if that would still work with their schedules.

Aaron,

Thanks for letting me know about the meeting times for the CASAC meetings. I have committed to present at a workshop for the National Academy of Science, Engineering, and Medicine in DC on Dec 10-11, so the timing of the Dec 11-12 CASAC meeting is not optimal for me. Is this a hard-and-fast date? I can probably work something out with the NASEM if need be, because the CASAC meeting is a priority for me.

January 30 is fine.

Sabine

Dr. Lange,

We had previously scheduled the CASAC meeting to review the PM Integrated Science Assessment to be on December 11-12, 2018. Are you available on these dates for a face-to-face meeting in Research Triangle Park, North Carolina? We also scheduled a follow-up teleconference on January 30, 2019 (from 11:00 AM – 3:00 PM ET). Are you also available for the teleconference?
